Bradley S. Phillips

Chesapeake Region

Jonathan L. Greenblatt

Formed in 1963 at the request of President John F. Kennedy, the Lawyers' Committee is a national, non-profit legal civil rights organization with the mission of securing through the rule of law, equal justice for all. Our mission is implemented through marshalling the pro bono resources of the private bar. Without the pro bono assistance of law firms and attorneys like you, our ability to fight racial discrimination and support low-income communities would be greatly diminished.

Your legal expertise was invaluable to Turkey Creek Community Initiatives. You and your colleagues at DLA Piper can be proud of the part you played in helping to foster the organization's growth.

Again, a tremendous thank you for your invaluable commitment, generosity, and hard work. It was our great pleasure to collaborate with you, and we look forward to working with you and DLA Piper again.

Respectfully,

David Zisset, Esq.

Associate Counsel, Community Development Project
